The City of Pembroke in conjunction with committed citizens have taken up the mission to restore and reopen the TOS Theatre. The TOS operated from around 1938-1970. This is a substantial project that will take several years and a lot of money. We will keep you updated on progress with the project. We are in the process of applying for grants and will soon be conducting fundraisers to help bring this gem back to life. Pembroke has to opportunity to bring many visitors to our shops and stores. We fully believe that the restoration of the TOS Theatre will help encourage the growth and business of our downtown district. Follow us on Facebook.
