

It's...The Talk of the Town!

September 2022

We Remember Patriot Day

"A thoughtful mind, when it sees a nation's flag, sees not the flag, but the nation itself"
- Henry Ward Beecher

Patriot's Day

This year marks 21 years since the tragic events of September 11th, 2001. Even though the years continue to roll by, we will never forget those that were lost. Remember to keep those families who lost family and friends in your thoughts and prayers as they continue to navigate life without their loved ones.

Across the globe, there are people who choose to observe this holiday to show respect to those who lost their lives. Often, people will participate in several moments of silence at different times memorializing each instance that a plane crashed. The very first plane crashed at 8:46 am and there were three additional crashes at 9:03 am, 9:37 am, and 10:03 am.

Grandparent's Day

Grandparents. Some of the most important people in our lives. From teaching us life lessons, to creating precious memories that will stick with us for years to come. This grandparent's day, September 11th, make sure to show your grandparents some extra love!

Good Eats!

We have good news! As you all know, every other Wednesday the Chick-fil-a food truck has been in town making sure our tummies are good and full. Now, we have learned that the food truck will be in town **EVERY** Wednesday! That's right, you will be able to chow down on Chick-fil-a for lunch and dinner every week without the hassle of traveling out of town!

Fall Equinox

It is that time of year when the weather cools down and the leaves turn from green to orange. Fall equinox (a.k.a. the first day of fall) is September 22nd, so prepare for upcoming spooky activities and gatherings with family.

FREE FOOD, FUN, &
GIVEAWAYS

Hurricane Season

The city is preparing. Are you? It is now the peak of hurricane season and the time to review your safety plan is now. Please keep a supply of things you will need in case of an emergency: bottled water, canned food, flashlights, and batteries, etc. Have a contact and a plan if you ever need to evacuate the area.

Check around your home for loose debris, hanging limbs and anything that could prevent stormwater from reaching a drainage point. Check the home itself for loose siding or shingles, cracked windows or anything that could break loose in severe weather and cause damage. Finally, contact your insurance company and make sure your flood insurance and homeowner's policy are up to date.

If you have any concerns or questions, please contact City Hall. We have brochures and checklists to keep in your emergency kit, as well as maps showing low lying and flood-prone areas. We'll also keep you up to date in the event of a storm.
